2017 SUMMER PROGRAM
All Ages, All Interests, All Year

Providing lifelong learning opportunities, strengthening community partnerships, and facilitating access to resources and the delivery of services.
REGISTRATION AND ADDITIONAL FEE INFORMATION

CCUSD families will be notified by email when registration for the ECS Summer Program is open. Registration will be available no later than the week of April 10, 2017. For Enrichment classes, there is a class minimum and maximum for each class. Some fill quickly and others may cancel due to the minimum number of students required is not met. We encourage you to register as soon as possible so you ensure placement in your first choice of classes. Registration and payment must be received by the Wednesday prior to the start date of class/camp.

ONLINE REGISTRATION
ECS (Education & Community Services) is transitioning to a new online registration and billing system called Eleyo. We are very excited to utilize the new system. Below are a few things you will be able to do in this system:

• Register for Enrichment programs
• Register for Preschool classes
• Check account balances
• Make a payment using your credit card (Visa, MasterCard or Discover)
• Sign up for automated payments
• Print receipts and child care tax statements
• Request a schedule change to a child care account
• Register for school break camps

On page 4 is a guide to help you set up your family profile. Please add all household members in anticipation of future registrations within the system. Eleyo, can be found by visiting https://cavecreek.eceleyo.com. (Chrome and Firefox are the preferred browsers.) In order to register for any ECS Program, it is mandatory for each member of the family to have a profile in Eleyo. (Instructions on page 4). If you do not have a computer at home, the ECS Office has a computer station for public use. Once a profile has been set up, online enrollment in an Enrichment course is immediately confirmed upon online registration and payment. All Kids Club, SuperCamp and Preschool registrations and payments are pending until required emergency form and shot records are received.

PAYMENT
Electronic payments are accepted in the form of credit or debit card (Visa, MasterCard and Discover) and ACH checking or savings account. An ACH payment is an electronic checking or savings account payment. When checking out, a user enters the bank routing and account numbers. Credit card payments are authorized or declined immediately, ACH payment confirmations must go through the individual user bank for confirmation availability of funds. The United States Federal Reserve rule is that a bank has up to seven (7) days to return an error, such as insufficient funds. If there is an error with the ACH payment method, the user will receive an email notification. American Express is NOT accepted. We do not accept cash payments.

ADDITIONAL FEES
The ECS Summer Program will assess the following fees when necessary:
• Registration Fee: non-refundable $15 per enrollee (covers all ECS programs from 5/30-8/9)
• Schedule Change Fee: $10 (applies to any class/course change made by the parent)
• Returned Check Fee: $25
• Cancelation Fee: $25 (see details below in the Cancelation/Refund Policy section)
• Late Pick-up Fee will be $2/minute late pick-up fee incurred

CANCELLATION/REFUND POLICY
Students may receive full refunds only in the event a class is canceled by ECS. Summer Program refunds are made by check and can take four to six weeks processing time. All classes are subject to cancelation in the event of low enrollment. Most enrichment classes require a minimum of 15 students. The registration fee is refundable only if the class(es) refunding are canceled by ECS and student is taking no other summer ECS program. Upon second class, fees are non-refundable.

If a parent cancels a registration, the full fee can be applied to another ECS program (no expiration date). If a refund is requested, a $25 cancelation fee will be deducted from the amount refunded.

If a student violates a disciplinary code that results in expulsion from any ECS summer program, no refund will be issued.

CLASS DETAILS
Please see course descriptions for dates, times, grade (completed in 2016/2017) age levels, fees and locations throughout the catalog. For those families enrolled in the June Enrichment at Desert Willow Elementary, ECS will email a campus map with room numbers corresponding with class titles the Thursday prior to the first day of class. They will also be posted at the information table the first day of camp, June 5. Your Eleyo account will verify the course enrollment of your child. SuperCamp check-in is in the Desert Willow Elementary School Cafeteria. Room numbers for other camps will be sent out the Thursday before classes begin.

SCHEDULE CONFIRMATION
Schedule Confirmation can be found through your Eleyo account. Notifications will be given for canceled classes only. In the event a class has filled and been canceled, we will contact you regarding a refund or an alternate course arrangement. Please call the ECS office at 480-575-2440 to confirm placement.

DAYS
Most Enrichment and Academic classes are held Monday-Friday, June 5-30. There are additional July camps at Desert Willow Elementary and theater camps at Black Mountain Elementary and the Fine Arts Center. SuperCamp will run June 5-July 28. Bonanza Education Camps run May 30-June 2 and July 31-August 4 at Lone Mountain Elementary. The 7th Grade Jumpstart Transition Camp will run July 31-August 2 at Sonoran Trails Middle School. Campuses are closed and no classes/programs will be held on the following dates: Memorial Day: Monday, May 29 and July 4th Holiday: Monday and Tuesday, July 3-4

ECS SUMMER PROGRAM LOCATIONS
Most classes and programs will include the following campus locations:

Desert Willow Elementary School
4322 E. Desert Willow Pkwy., Cave Creek 85331

Lone Mountain Elementary School
5250 East Montgomery Road, Cave Creek AZ 85331

Cactus Shadows High School
5802 East Dove Valley Road, Scottsdale 85266

Sonoran Trails Middle School
5555 East Pinnacle Vista, Phoenix 85085

Cactus Shadows Fine Arts Center
33606 North 60th Street, Scottsdale 85266

ECS Office/District Office Campus
33016 N. 60th Street, Scottsdale 85266 Hours: M-F, 7:30AM-4:00PM
Summer Hours (June 5-July 20): M-TH, 7:00AM-5:00PM

FINANCIAL ASSISTANCE AND PAYMENT PLANS
There are a limited number of full and partial financial aid funds available for Child’s Play Preschool, Kindergarten Prep, Ramp Up Reading, middle and high school academic or credit retrieval courses, and SuperCamp. You must submit your application to the ECS Office by May 1, 2017. Payment plans are also available. Please call 480-575-2440 for more information on financial aid or payment plans.

RULES AND GUIDELINES
Good discipline is essential to learning and should be based upon mutual respect for every student, dogs and/or other animals are not permitted on campus.

Please review the following rules and guidelines:
• Students using private transportation may not be on campus more than 10 minutes before or after school hours.
• Students are not to bring guest of campus. Dogs and/or other animals are not permitted on campus.
• Running, pushing, shoving, and/or other inappropriate behaviors are not permitted.
• Roller skates, roller shoes, in-line skates, skateboard, etc. are not permitted on campus.
• No student may leave the campus, other than at the designated dismissal time, without permission from the ECS Summer Program Supervisor.
• No student may leave the campus with a person with whom he/she has not listed as an authorized pick-up person on the Student Registration form.
• The ECS Summer Program Supervisor reserves the right to suspend or expel students from the program.
Dear Community Families,

ECS is excited to announce our new, easy-to-navigate online registration and payment system, Eleyo. This new system will start with our summer program and 2017/2018 Kids Club and Preschool registration. You will be able to register for Enrichment programs, specialty camps, Preschool, Kids Club, check account balances, make payments using Visa, MasterCard or Discover, sign up for automated tuition payments, print receipts and child care tax statements and request a schedule change to a child care account. Thank you for your patience as we transition to our new software. With this change, each family will need to set up their own family profile (see page 4) regardless of your history in ECS programs or if you are brand new to the ECS programs. Those with an outstanding balance will be notified individually to resolve your account before the close of the 2016/2017 school year. Thank you for choosing ECS programs for your family.
Setting up your Account Profile

The Cave Creek Unified School District is transitioning to a new registration system for our Community Education programs. This sheet will walk you through the process for setting up your Account Profile. We encourage you to add all members of your household in anticipation of future registrations within the system.

Create your Account Profile

1. Access the new site by browsing to: https://cavecreek.ce.eleyo.com
2. Select Sign Up (top, right corner) to begin creating your profile.
3. Complete the Register a New Account Form and select Create Account.

    NOTE: An email will be sent from Eleyo with a link to verify your account. Use the Verify Your Email Address button on that email to verify your account.

Add Family Members and Emergency Contacts to your Account Profile

1. If you are not already on the website, browse to https://cavecreek.ce.eleyo.com and login with your email address and password by selecting the Log In button.
2. Select your name in the top, right corner of the screen and select Your Account / Relationships.
3. Use the Add button to add all family members in order to facilitate upcoming registrations in the system. When adding a grade for a Pre-K student, select Kindergarten and the year the child is expected to enter Kindergarten.
4. Select the Create Person button.
5. After you have finished setting up your family, select Explore All Programs.
6. From the drop-down menu, you will be able to View Your Dashboard and enroll in programs or courses when registrations open.

You have completed the Account Profile set-up process and are ready for future online registrations!

We are very excited to utilize the new Eleyo system. Please keep an eye out for upcoming communications from us as we continue rolling out features of the system.
# 2017 Summer Enrichment Planning Worksheet

Plan an exciting summer for each of your family members with the below worksheet. (This is not a registration form. Registration is online only.)

*Please create a family profile with Eleyo to register online. See page 4 for instructions on setting up your account profile.*

Edgenuity and Rosetta Stone have different forms found on our website, [http://www.ecsforall.org/summer-enrichment-programs.html](http://www.ecsforall.org/summer-enrichment-programs.html)

(For AM, PM or Full Day Care from 7:00AM-5:30PM, see page 6 and 7 for the SuperCamp information)
You’re Invited!

What: Summer Super Camp
Where: Desert Willow Elementary
When: June 5th-July 28th
Time: 7:00am-5:30pm

Week 1: Rockin’ Rodeo
  • Pioneer Village Trip
Week 2: Club Hollywood
  • Herberger Theater Trip
Week 3: Jedi Training Camp
  • Laser Tag Trip
Week 4: All American Road Trip
  • AZ Heritage Museum Trip
Week 5: Decades of Fun
  • Bowling Trip
Week 6: Super Hero Challenge
  • Electric Blue Dance Party
Week 7: Rainforest Rangers
  • Rainforest Café Trip
Week 8: The Very Best of Summer
  • OdySea Trip (all trips subject to change)

**See Page 7 for more details!

The Summer Learning Wheel

Each child will rotate through our specialty classrooms to experience open ended fun learning activities in Science, PE, Art, Club House, Construction Zone, Tinker Lab and Cooking! Every week will also be filled with theme related special events, movie day at Harkins and field trips galore!
The registration for the Kids Club Summer Super Camp will be taken online through the Eleyo Parent Portal Only. No paper registration will be taken. An Eleyo instruction guide is located on ECSforall.org and at our office for your convenience.

**Summer SuperCamp Hours**

**AM Program:** 7:00 am - 12:00 pm  
**PM Program:** 12:30 pm - 5:30 pm  
**Full Day:** 7:00 am - 5:30 pm

A summer of adventure, learning, creating, & destroying awaits! Immerse your kids in an environment where creativity and imagination rules the day! Let our team of brick-master coaches (aka: our teachers) guide your children through super fun LEGO-based building challenges that will develop skills in math, science, engineering, computers, robotics, animation, art, teamwork, and communication! Time will fly for your little ones as they're immersed into this learning-focused but exciting, fun, and creative environment!

During an average day they might find themselves:

> Working with teammates on engineering projects, like building table catapults or learning how to make a car's transmission and gear differential out of LEGO®.

> Teach a LEGO robot how to navigate an obstacle course, and then in teams, build obstacle courses for other teams' robots to master.

> Race LEGO gravity-powered race cars one day, rubber band powered ones the next day, and the day after, use battery-powered motors and newfound knowledge on gears to try and out-do each other!

> Write, film, and direct in their own Stop Motion Animation movie, just like the LEGO movie, and we’ll put it on YouTube afterwards for all their friends and family to see!

The camp features new and updated activities for kids who've been to past year’s camps. We can't wait to see you and your kids at Building Bonanza Science and Creativity Summer Camp!

DISCOVERY CAMPS

This camp is specifically for the little campers. The children's days will include Music Movement and literature of familiar authors such as Eric Carl, Don Wood and more. Circle time, structured and unstructured play will include discovery centers based on individual student's interests, messy mediums, social stories, making new friends and having fun! Please provide an unrefrigerated lunch from home with a snack or two and drinking water each day. (Students need to have completed at least one year of preschool through kindergarten.) Instructor: Heather Bicknell

For those students registered for the extended day programming, they will get open access to classroom materials and one-on-one mentorship with instructors in an unstructured environment.

ACTIVSTARS KARATE, INC. has developed one of the most exciting and comprehensive martial art program, specialized for teaching children and teens. Our curriculum includes the most effective self-defense techniques, and specializes in the premier A-Z Abduction Prevention and Anti-Bullying Programs. In classes, we assign life skill challenges to reinforce academic and family values, where students can earn ribbons for their efforts. Our program is on-going and designed for students to one day achieve their Black Belt. Class times will be announced at the first class.

June Morning Camps

MONDAY - FRIDAY, 9:00 a.m. - Noon
DESERT WILLOW ELEMENTARY SCHOOL

CHILD’S PLAY PRESCHOOL
Classic children’s literature and learning about the different authors will be the focus of an exciting interactive month of learning. Children will have an opportunity to learn through dramatic play, messy media and numerous other mediums. Children will have an opportunity to participate in hands-on projects each day. Creativity and individuality will be a driving force throughout the program. (Super Camp is available for children in Preschool and Kinder Prep in the afternoon for June and all day in July. There is also an Early Bird Camp available for June.)

KINDER PREP CAMP
Kindergarten is an awesome adventure in learning and what better way to set the foundation than with a summer Kinder Prep Camp! This class is designed to help children make the transition into a regular kindergarten classroom in a friendly, safe and fun environment. Students will be engaged in hands on activities that include art, music, play, gross and fine motor skills. We will also be working on kindergarten readiness skills that include social skills, following directions, sharing cooperative learning and taking turns. We hope you join us for this exciting time of learning and establishing the groundwork for a lifelong love of learning. (Super Camp is available for children in Preschool and Kinder Prep in the afternoon for June and all day in July. There is also an Early Bird Camp available for June.)

RAMP UP READING
This class is a chance for any student to ramp up their reading skills! The class provides instruction in vocabulary, root words and other language fundamentals that lay the foundation for reading and comprehension according to the grade level. The environment will be fun, interactive and center-based. The instructors are teachers from our CCUSD elementary schools. The objective of this class is to strengthen each student’s reading skills, reading comprehension and vocabulary skills. (Students will be divided into multiple classrooms based on grade/level.)

CREATIVE KIDS
Join Desert Foothills Theater for some Summer Break fun! In this two-week camp, we will explore performance, movement, and acting through stories, theatre principles, games and more. Kids will get to be creative, have fun, and build a performance for family.
Performance will be on the final day of camp.

**7:00 - 9:00AM**

**EARLY BIRD CAMP** Early Bird Camp will give your student a chance to rev up for their enrichment class. Crafts, Gym time and Breakfast included.

**9:00 - 10:30AM**

**ADVENTURES THROUGH JUNGLES AND OCEANS IN ESPAÑOL**

Students will engage in fun activities introducing or reinforcing basic Spanish language skills while exploring creatures climbing in the jungle and swimming in the sea. The colors, shapes and textures in these environments will build each student's growing vocabulary. Songs, games and other activities will make each class an adventure!

**EXPLORING SOCIAL SKILLS THROUGH STRUCTURED PLAY**

This class will focus on fostering positive behavior. Developmentally Relevant Topics such as authentic apology, personal space, listening skills, empathy, asking permission and acceptance of oneself and others will be the foundation of our days. We will begin our day in a Friendship Circle. We will get loud with engaging Icebreakers, create with Messy Media Art Activities and reflect on Social Stories. We will end each day with a list of Talk Points to coax out daily skills.

**MATH: 1-2-3 PLUS OR MINUS** This course will review the foundations needed to be successful in math. We will review basic skills such as addition, subtraction, number sense, 2 digit addition and subtraction, and word problems. This hands-on course will integrate manipulatives.

**INTRO TO COMPUTER CODING** Getting an early start at Computer Science gives students a great advantage in the years to come. Demystifying coding opens up the world for the imagination to blossom. Our goal for this introductory class is for students to realize Computer Science is more fun than they thought, easier than they thought and, as a result, they will want to learn more.
**EXPLORING SOCIAL SKILLS THROUGH STRUCTURED PLAY**

This class will focus on fostering positive behavior. Developmentally Relevant Topics such as authentic apology, personal space, listening skills, empathy, asking permission and acceptance of oneself and others will be the foundation of our days. We will begin our day in a Friendship Circle. We will get loud with engaging Icebreakers, create with Messy Media Art Activities and reflect on Social Stories. We will end each day with a list of Talk Points to coax out daily skills.

**ARTS & CRAFTS CELEBRATING SPANISH TRADITIONS**

Students will celebrate traditions, holidays, everyday culture and music from various Spanish-speaking countries through the creation of crafts, costumes and by sampling musical instruments. Students will practice basic language skills and increase their vocabulary through hands-on exploration. Through these projects, children will gain knowledge from a variety of 25 Spanish-speaking countries. No projects are repeated in Session 1 and 2.

**SCIENCE AND ENGINEERING PLAYGROUND**

Children learn by doing! Kids love to discover how things work through hands-on experiments. In this class, we will learn through hands-on science experiments, favorite technology apps, engineering projects and math games.

**WRITING: YOUR OPINION MATTERS!**

Cookies or ice cream? Sunny days or rainy days? In this class, students will be introduced to opinion writing. After, they will put their knowledge to use and construct their own opinion essays while completing each step of the writing process.

**FUN LEARNING CHINESE**

During the Chinese Summer Camp, students will practice listening, speaking, reading and writing in Chinese and will increase their understanding of Chinese culture and diversity. Students are able to have hands-on experience in numerous areas of traditional Chinese culture calligraphy and painting, Chinese paper cutting, paper arts and more. Perfect for beginners and up! New material is covered each session so sign up for both Session 1 and 2!

**IMAGINATION STATION – STITCHES, YO YOS AND MORE!**

Students will cut fabric and learn multiple styles of stitches as they hand-sew fun projects such as aprons, pillows, totes, scarves and more. We will also be making more of the children’s favorite fabric YoYo’s to embellish clothes, home décor, jewelry, bags and more. Stitches, stitches and more stitches galore!

**SCULPTING AND MORE**

Week one focuses on creating sculptures from a variety of mediums: clay, paper, foam board and wire. Students work on bending, folding and gluing skills as they sculpt. Week two focuses on painting projects from week one, self-portraits.

**SPORTS MANIA**

This class exposes students to a variety of sports such as soccer, hockey, basketball, baseball, volleyball, as well as various warm-up games. It is a great way for students to find which sports they really love and want to take to the next level. This class will have skills for every level and age of participants.

**TAKING THE STAGE**

In this course, students will explore a variety of fields in the theatrical world. We will begin with the basics and an introduction to theatre. Students will perform skits, readings and plays. We will integrate writing, reading, and literature. This class will be a fun and exciting way to improve public speaking skills, to manage stage fright, and make new friends. Instructor: STMS Drama Teacher

**CARD SHARKS**

Students learn classic card games that entertain their friends. They will learn the rules and strategies for Euchre, Pinochle, Rummy and other card games as they practice and participate in tournaments. Students put on their game-face, strengthen their ability to focus, and build learning skills!

**WORDS: ALL ROOTS LEAD TO ROME!**

In this class, students will be introduced to a variety of Latin and Greek roots. We will discuss the meaning of these roots, create lists of words using these roots, define each word and then use them in sentences, paragraphs, and stories. Up to 75% of the English language is derived from Greek and Latin roots. Learning roots is a great building block for vocabulary development.

**THE PROJECT LEAGUE**

Do you love a challenge? Does the idea of working with your hands to make a product of your own design get you excited? Then the (Makers Team or Project League) is the class for you! Project-based learning is a hands-on and authentic approach to solving real world problems. In this class, students will act as engineers to solve a problem that is meaningful to them. Along the way, students will learn valuable life skills such as communication, collaborating, and decision making. In the end, students will have a product they designed and the solution to an authentic problem. No projects are repeated in Session 2. Instructor: Leah Baker

**WRAP IT UP CAMP**

Students will extend the last portion of their day. This time will be supervised, with unstructured playtime for students to relax and enjoy themselves. A snack is available. Students will not be included in PM Field Trips.

### 7:00 - 9:00AM

**EARLY BIRD CAMP** Early Bird Camp will give your student a chance to rev up for their enrichment class. Crafts, Gym time and Breakfast included.

### 9:00 - 10:30AM

**EXPLORING FARMS AND DESERTS IN ESPAÑOL** Fun activities introduce or reinforce basic Spanish language skills used in exploring farm animals and desert creatures. What do they eat? Where do they sleep? How do they spend their days? Students increase their Spanish vocabulary every day. Songs, games and interactive activities will keep them curious about the world around them!

**IPADS FOR CREATIVE LEARNING** is your child looking for a creative way to be engaged this summer? In this class, students will use a variety of digital tools to produce and publish writing, while collaborating with peers using multimedia (video, graphics and sound) in their presentations.

**MATH: TIME & MONEY ADD UP** This course will review basic skills such as telling time, counting money, measurement and geometry. Students learn by using hands-on manipulatives to help the retention of these fundamental skills.

**SOCCER FUNDAMENTALS** Students learn soccer techniques and strategies in a fun environment. The goal is to promote having fun, developing the child’s gross motor skills, increasing self-esteem, and encouraging social skills, while developing the child’s soccer techniques. Participants should wear sneakers and shin guards for safety.

**FUN LEARNING CHINESE** The purpose of the Chinese Summer Camp is to educate students to practice listening, speaking, reading and writing in Chinese and to introduce understanding of Chinese culture and diversity. Students are able to have hands-on experience in numerous areas of traditional Chinese culture including learning and practicing skills like Chinese calligraphy and painting, Chinese paper cutting, and paper arts...etc. Perfect for beginners and up! New material is covered each session so students can sign up for both Session 1 and Session 2!
LEARNING SPANISH THROUGH STORIES AND FUN Storytelling is a fun way to learn. Familiar books such as "Green Eggs and Ham", "The Giving Tree", "Where the Wild Things Are" and more, will be brought to life in the Spanish language through skits, crafts and games. Each day, fun language warmups, storytelling and projects will engage and challenge any level of Spanish language learner!

THEATRICAL ADVENTURES In this course, we will begin with the basics of theatre. Students will be engaged in theatre games and activities, and a variety of prepared and improvised presentations as part of the class experience. This class will be a fun and exciting way to improve public speaking skills, to manage stage fright, and make new friends. Instructor: STMS Drama Teacher

THE ART OF BASIC DRAWING Young artists learn about shape, pattern, brush handling and color mixing. Explore techniques for drawing with pencils, pastels, charcoal, ink and collage along with introduction to painting mediums including acrylics, glass, and watercolor. Taught by a Sonoran Arts League Artist.

BASEBALL MANAGERS IN TRAINING Students create their own Baseball Team! Key math concepts including fractions, decimals, and percentages become an important part of managing their own baseball team using real baseball player’s stats.

COPYCAT COOKERY Children will be using recipes from well-known restaurants such as Chick-fil-a, Panda Express, Wendy’s and others to make family favorites. Students will learn hygiene and safety tips as they chop, peel and dice correctly. (Techniques will vary according to age groups.) The children will love recreating and tasting their favorite menu items that can be made at home as well. Please indicate on the registration form if your child has food allergies.

BOOK ADVENTURES THROUGH JOURNALING Small groups will explore exciting stories to discover the when, where, what and why or the problem, cause, symptom, solution of each story. Students participate in group activities and create individual journals to share their own opinions and ideas about the stories they read. Students will build their reading fluency, comprehension, vocabulary and grammar as well as critical thinking skills as they collaborate with their friends to unpack books such as “The One and Only Ivan”, “Where the Mountain Meets the Moon” and more.

ARTS & CRAFTS CELEBRATING SPANISH TRADITIONS Students will celebrate traditions, holidays, everyday culture and music from various Spanish-speaking countries through the creation of crafts, costumes and by sampling musical instruments. Students will practice basic language skills and increase their vocabulary through hands-on exploration. Through these projects, children will gain knowledge from a variety of 25 Spanish-speaking countries. No projects are repeated in Session 1 and 2.

BOOK CLUB Students will dive into fun books! Through interactive activities, students will work on reading proficiency. The focus will be phonemic awareness, phonics, vocabulary and reading comprehension.

COPYCAT COOKERY Children will be using recipes from well-known restaurants such as Chick-fil-a, Panda Express, Wendy’s and others to make family favorites. Students will learn hygiene and safety tips as they chop, peel and dice correctly. (Techniques will vary according to age groups.) The children will love recreating and tasting their favorite menu items that can be made at home as well. Please indicate on the registration form if your child has food allergies.

YOUNG REMBRANDTS During the first week, students will work with pastels as they explore patterns and designs in multicultural art in our Worldly Artistic Designs Workshop. Mexico’s colorful doorways, Asian paper lanterns and Russian architecture will turn into messy fun. Week two will be a Cartoon Animals Workshop. Funny cartoons will be laugh-out-loud adorable! This workshop will be perfect for any child who is a fan of cuddly animals and cartoons. Enroll your budding artist today!

FUN LEARNING CHINESE During the Chinese Summer Camp students will practice listening, speaking, reading and writing in Chinese and will increase their understanding of Chinese culture and diversity. Students are able to have hands-on experience in numerous areas of traditional Chinese culture calligraphy and painting, Chinese paper cutting, paper arts and more. Perfect for beginners and up! New material is covered each session so sign up for both Session 1 and 2!

THEATRICAL ADVENTURES In this course, we will begin with the basics of theatre. Students will be engaged in theatre games and activities, and a variety of prepared and improvised presentations as part of the class experience. This class will be a fun and exciting way to improve public speaking skills, to manage stage fright, and make new friends. Instructor: STMS Drama Teacher

CHROMEBOOKS FOR ENRICHMENT During this class, students will learn shortcuts in Google Drive. They will explore educational apps, be part of Google Classroom, explore and research topics that interest them to create a final project. Chromebooks provided. (For all levels.)

ILLUSTRATING NATURE Drawing and the study of nature go hand-in-hand. Students will focus on objects in nature that interest them and illustrate their observations. The students will be instructed in different mediums and techniques that will be aligned with their subject. Taught by a Sonoran Arts League Artist.

THE SINGING VOICE WORKSHOP Dive into how we use, or train, our voices through various techniques including vocal warm ups and exercises, tongue twisters and games. We will learn and work on popular songs along the way, as a group as well as solo. Instructor: STMS Choir Teacher

SPORTS SUPERSTARS Are you looking for some summer excitement? Get off the couch and become a Sports Superstar. This class will include favorites such as kickball, football, dodge ball and various tag games.

10:40AM - 12:10PM

THE PROJECT LEAGUE Do you love a challenge? Does the idea of working with your hands to make a product of your own design get you excited? Then the (Wakers Team or Project League) is the class for you! Project-based learning is a hands-on and authentic approach to solving real world problems. In this class, students will act as engineers to solve a problem that is meaningful to them. Along the way, students will learn valuable life skills such as communication, collaborating, and decision making. In the end, students will have a product they designed and the solution to an authentic problem. No projects are repeated in Session 2. Instructor: Leah Baker

CODA KID CAMPS Please see page 16 for more details.

WRAP IT UP CAMP Students extend the last portion of their day. This time will be supervised, unstructured playtime for students to relax and enjoy themselves. A snack is available. Students will not be included in PM Field Trips.
Theater

Creative Kids Theater

Location: Desert Willow

Join Desert Foothills Theater for some Summer Break fun! In this two-week camp, we will explore performance, movement, and acting through stories, theatre principles, games and more. Kids will get to be creative, have fun, and build a performance for family. Performance will be on the final day of camp.

Musical Theater Camp – The Amazing Adventures of Super Stan

Location: Cactus Shadows Fine Arts Center

Join Desert Foothills Theater for a full production from beginning to end. This two-week, intensive camp is for dedicated young performers who want to experience the full process, make friends, have fun, and learn more about theater. Kids will be cast in a role, rehearse each day and shine in a final performance at 7PM on June 29 for family and friends. Audition scripts and full scripts are available at the ECS Office upon confirmed registration. Be prepared to indicate t-shirt size when signing out the script.

ECS Youth Theater Camp – Adventures in Neverland

Production: Peter Pan based on the Novel, Adapted by Craig Sodaro

Camp Location: Black Mountain Elementary School

Performance Location: TBD

This three-week, theatre intensive camp is designed to develop a strong foundation of acting skills. Students will learn how to project, articulate, how to develop a character and how to work as part of an ensemble. Students will also have the opportunity to work on the technical aspect of theatre as they build sets, make costumes, props and design hair and makeup for their characters. The camp will conclude with a main stage production. Students may be asked to purchase personal costume items. Students should bring their own non-refrigerated lunch, snacks and water bottles. Camp is limited to 25 students. Instructor: Bertha Cortes

This superb adaptation captures all the magic and charm of everyone’s favorite story. The Darling children love to hear of Peter Pan’s adventures during his visits through the open window of the nursery. Then one night after Nana has taken his shadow and Wendy has sewn it back on, Peter Pan and Tinker Bell whisk the children off to Neverland to be part of the adventures. Wendy, John and Michael become friends with the Lost Boys and Princess Tiger Lily and Wendy becomes everyone’s mother. When the evil Captain Hook captures Wendy and the Lost Boys, Peter Pan comes to their rescue. Together with the ticking crocodile, Peter Pan puts Captain Hook in his place and returns the Darling children to their home.
ECS HIGH SCHOOL
Performing Arts Workshop

Auditions: May TBD 
Workshop Dates: July 10-August 9
Monday-Thursday: 9-Noon
Fridays: 9-2PM
Location: Fine Arts Center
Rehearsal: 8/10 after school (time TBD)
Performances: Friday, 8/11 and Saturday, 8/12 at 7:30PM in the FAC

We encourage high school students interested in stretching their wings as an actor or dancer to join the cast and crew of the 2017 ECS Summer Performing Arts Workshop. Dance and theater students will collaborate to create an interpretive theatrical production. The dance students will develop choreography integrated with film to enhance the theatrical production. Theater students will develop their acting methods, physicality, vocality as well as a character’s inherent mentality, all of which will create authentic and believable characters.

This partnership of talent will be showcased the first weekend school is back in session, August 11 and 12. This production will be one ‘not to miss’ for friends, family or any performing arts enthusiast in the community!

Students will be casted for parts in the performance.
For students receiving a part in the performance, the student fee is $375. The fee can be paid upon receiving a part and the student will receive 25 tickets with the value of $15/ticket for friends and family to attend. Or, students who receive a part in the production can sign out 25 tickets to sell for $15/ticket and turn in the $375 by the deadline of June 30. Unsold tickets and the remaining amount of money to cover the fee of the workshop are to be turned in by the deadline of June 30. Tickets are available to the public for $15/ticket at the ECS Office or the night of the performance.

Auditions are required for participation in this High School Performing Arts Theater Workshop! Auditions will be in May. The production will be selected before the audition date. What a great beginning to the new school year. Tickets will be available for sale to the public. Instructor: Andrew Cupo, Haley Vago and Elissa Ericson

Quotes from students in the 2016 Theater Workshop production directed by Andrew Cupo:
“Cupo is such an inspirational and creative director who never fails to create amazing theatre experiences for his actors.” - Kameron Moore
“This show was such a new and unique experience.” - Bridget Powers
“This experience really allowed me to grow as an actor. Getting to focus on building distinct characters … is something that I’ll be able to take with me in any performance process.” - Tara Frager
“We learned so much about the technique of acting and gained an understanding of European theatre and culture.” - Gabe Ozak

TREASURE ISLAND

Times: 4:00-8:30PM
(Rehearsal times may vary per age group.)
Location: Fine Arts Center
Performances: Friday, 8/25 at 9:45AM and Noon
Saturday, 8/26 at 7:00PM

Written and Conceived by Jim Caron • Music and Lyrics by Jim Caron and Michael McGill

The Missoula Children’s Theatre takes pride in presenting TREASURE ISLAND, an original adaptation of Robert Louis Stevenson’s epic novel. Young Jim Hawkins, a mischievous lad, lives with his Mother and six Sisters in a seaside village on the coast of Maine. The year is 1782 and the American War for Revolution is in its last days. Longing for adventure, Jim comes under the hypnotic spell of the legendary pirate, Long John Silver. While waiting tables in the family Inn, Jim finds a treasure map and, with the villainous Silver as his seeming mentor, sails uncharted seas with only the ragged map and a flock of Gulls as guides. Always up for adventure, Jim’s Ruffian friends say farewell to their Village parents and serve as cabin boys for Silver and his band of hilarious (although unsavory) Pirate types. Once on the island, nights are sleepless as true colors are revealed in our hero’s quest for the proverbial happy ending. Then - at last - the treasure is found and hand in hand we’re homeward bound.
3D Game Design with Minecraft

In this Introduction to 3D Game Design, students will supercharge their Minecraft level layout skills using Redstone and Advanced Command blocks. While learning the foundations of computer programming, students will develop their own custom maps including Parkour, Adventure, PVP, Mob Arena and Maze Challenge maps. This course is perfect for younger learners who would like to take their Minecraft game creation skills to the next level. CodaKid's highly rated camps all feature a variety of exciting off-computer activities, gaming, exercise, and more! Space limited to 12.

Minecraft Junior Modding

This introductory Minecraft Modding Camp is designed for younger learners, and combines Computer Programming and Game Design instruction. In this camp, students will create intricate maps and then add creative mods using the Java programming language. Students will use the professional programming tool Eclipse to code in Java and learn important programming concepts like Conditionals and True/False States (Boolean Statements). This camp provides a great introduction to coding, and will prepare younger students for other camps such as Minecraft Modding Adventures and The Core. CodaKid's highly rated camps all feature a variety of exciting off-computer activities, gaming, exercise, and more! Space limited to 12.

JULY Camps

Minecraft Modding Fundamentals - Adventures

In this exciting Java Programming Camp, students will learn programming while modifying ("modding") the source code of the game Minecraft. While creating exciting and often surprising mods, students master concepts such as conditionals, loops, variables, methods, parameters, arrays, and object oriented basics. CodaKid's highly rated camps all feature a variety of exciting off-computer activities, gaming, exercise, and more! Space limited to 12.

Game Development - Infinite Runner

In this Game Development camp, students will use the JavaScript programming language to create their own Infinite Runner style video game. Students will gain experience coding the game from the ground up, and will utilize a number of foundational coding concepts such as conditionals, loops, methods, and more. This camp is designed for Beginner to Intermediate students who have an interest in building a professional quality video game from the ground up using real JavaScript code. CodaKid's highly rated camps all feature a variety of exciting off-computer activities, gaming, exercise, and more! Space limited to 12.

Kid’s Cook-a-Rama Camp

This 3-hours per day camp gives students the opportunity to explore and prepare yummy foods. Each day there will be a theme. Monday, kids learn how fun it is to make and eat silly snacks. Tuesday is for chopping, dicing and slicing crisp, summer salads and mixing tasty dressings. Rolling, wrapping and twisting pastries will make a perfect Wednesday. Diving into dinner will fill up our Thursday. To finish our week we will have fun with a Friday Chef’s Challenge! Putting students to the test – teams will make their own delicious recipe out of surprise ingredients. Sampling and experimenting will be fun for everyone! Please indicate on the registration form if your child has food allergies. Instructor: Nancy Gervasio

### EDGENUITY GRADES 7-8 CREDIT RETRIEVAL

Students will use the online Edgenuity program for credit opportunities. Actual courses must be assigned and approved through the Sonoran Trails Middle School counselors. School counselors at STMS will be available to answer specific course questions. ECS does not make any decisions regarding courses and student eligibility. Please contact Cadi Angeli with questions or registration information at cangeli@ccusd93.org. Registration form and course approval needed by school counselor. For a student to begin on the first day the course is available, the registration and payment must be received two working days prior to start-date.

### EDGENUITY GRADES 9-12 CREDIT RETRIEVAL

Students will use the online Edgenuity program for credit opportunities. Actual courses must be assigned and approved through the Cactus Shadows High School counselors. School counselors at CSHS will be available to answer specific course questions. ECS does not make any decisions regarding courses and student eligibility. Registration form and course approval needed by school counselor. For a student to begin on the first day the course is available, the registration and payment must be received two working days prior to start-date. 120 hours of open lab time is available.

### STINGER SUCCESS PROGRAM

This class is designed to help your child become better organized and develop the needed study skills to be successful while entering middle school. The focus of this class will be using effective time management skills, using an agenda, prioritizing assignments, and using technology to access teacher websites, reliable resources, and computer programs such as My Access, Vocabulary.com and word processing skills such as Microsoft Word. Other areas covered are Cornell note taking strategies, completing a learning style and study skills assessment, developing strategies and techniques for test preparation and much more. Students will need to bring pencil or pen and paper to take notes. **Instructor: Leah Baker**

### STUDY SKILLS SUCCESS PROGRAM

This class is designed to help a student become better organized and develop the needed study skills to be successful while entering middle or high school. The focus of this class will be taking class notes, preparing for exams, test taking skills, preparing for essay exams and managing study time at home and at school. Other areas covered are using Annotation text materials to increase reading and comprehension skills, organizing class work, learning SQ4R reading strategies, completing a learning style and study skill assessment as a means of effectively assessing individual learning styles, learning how to use technology to do reliable research and much more. Students will need to bring pencil or pen and paper to take notes. **Instructor: Leah Baker**

### 7TH GRADE JUMPSTART TRANSITION CAMP

Jumpstart is a three day camp focused on making the transition from elementary to middle school as positive, exciting and productive as possible. It will teach students study skills, organization and goal setting and will train them in identifying bullying, handling difficult situations and coping with stress. They will learn the layout of the middle school campus, how to read their schedules and what to expect in a typical middle school day. The students will have the opportunity to create videotaped skits that will be used in future years to answer questions, dispel myths and calm fears about life in middle school. It is hoped that each student will come away from this camp with skills and ability to choose a leadership role in maintaining and excellent learning environment at their school. The class on 8/3 will go until 1:00PM.

**FOOTHILLS ARTS ACADEMY: THE ART AND CRAFT OF DIGITAL PHOTOGRAPHY**
The Foothills Arts Academy is a collaboration of the Education & Community Services Department of Cave Creek Unified School District and the Sonoran Arts League. This class is designed for those photographers who want a deeper understanding of their DSLR and how they can better utilize its capabilities to create better photographs. Subjects include: The "Craft" - Using manual camera settings such as the f-stop and shutter speed, lens choice, how to use white balance, and learning about depth of field and special exposures. The "Art" - Mastering composition concepts such as pre-visualization (seeing what the camera sees, the rule of thirds, balance and simplicity and the art of subtraction, and the near-far concept (use of the best foreground and background). Anyone can make a great photograph! One day of class students will go on a location shoot.  
Instructor: Bob Grebe, Sonoran Arts League Artist

**FILMMAKING 101**
Students learn the basics of filmmaking from the initial concept through final production. They will participate in writing, shooting, and editing a short film. From pre-production planning, and screenwriting through the final production and screening, this course will touch upon all phases of filmmaking. Filmmaking 101 students from last year are encouraged to join us again – every new film is a new adventure! All equipment and materials are provided.  
Instructor: Lauren B. Berkley, ASU film school graduate and an independent filmmaker

**FILMMAKING 202**
Students enrolling in this class are required to have taken Filmmaking 101 either from last year or this year. Filmmaking 202 will follow a similar structure as Filmmaking 101 but will utilize more advanced equipment. From pre-production planning and screenwriting through the final production and screening, this course will touch upon all phases of filmmaking. All equipment and materials are provided. Instructor: Lauren B. Berkley, ASU film school graduate and an independent filmmaker

**THE MECHANICS OF 3D ART - CARVING**
Three-dimensional art can be as varied as an artist’s imagination. In this class, students can choose from the following mediums: clay, plaster carving, soap, foam and stone. The methods and techniques taught will include carving, applique, freestanding and relief. Keeping a journal with sketches, research and general ideas is encouraged. Because all of the above mediums cannot be covered in one 5-day class, we encourage students to sign-up for both weeks of “Mechanics of 3D Art” so they can extend their exploration or hone a particularly favorite technique.  
Instructor: Marcia Lang, CSHS Art Teacher

**THE MECHANICS OF 3D ART - WIRE FORMS AND SCULPTING**
Students may continue with their carving from the June 19-23 class or learn wire form sculpting techniques, sculpting terms and finishing techniques. The students will be challenged with shaping their wire forms through imagination and creativity. Bringing reference support, including pictures of favorite animals, people or plants is required, as well as leather gloves. Instructor: Marcia Lang, CSHS Art Teacher
Rosetta Stone is partnering with Education & Community Services to create a community World Language Club, open to all students, faculty, staff and parents in the Cave Creek Unified School District. Participants will be provided full access to a personal Rosetta Stone Online account, with the option to choose from 24 languages and have 24/7 access to their account from any internet connected computer during the time frame of the purchased session. Contact the ECS Office for a registration form and more information at 480-575-2440.

Rosetta Stone offers the following world languages: Arabic, French, English, Irish, Persian (Farsi), Swedish, Polish, Turkish, Portuguese, Chinese (Mandarin), Greek, Korean, Latin, Vietnamese, Hebrew, Hindi, Dutch, Filipino (Tagalog), German, Russian, Italian, Spanish (Latin America), Spanish (Spain), and Japanese.

***USB headset with a microphone is required and will need to be purchased separately***

Available in the Cave Creek Area

Ed*cuators from any District, Private or Charter Schools are Welcome!
A certificate of hours completed is awarded at the end of each course. Completed courses can be used to adjust the sliding salary schedule for certified CCUSD teachers (this may vary according to specific employment standards per district) or can be used toward professional growth for anyone interested in or already working in the field of education.

REGISTRATION: CCUSD employees sign up through Google Docs. Please contact Cara Herkamp with questions at cherkamp@ccusd93.org or 480.575.2034. All other registrations go through ECS (Education & Community Services). Please call 480-575-2440 with registration questions.

Language Essentials for Teachers of Reading and Spelling [LETRS] Grades: K-12
Modules 1-3: 18 hours
Instructor: Cara Herkamp
CCUSD Teachers: Free
Outside Participants: $180
Format: Face to Face, Dates/Times: Tuesday 5/30-Thursday 6/1, 9:00AM-3:30PM
Location: Cave Creek Unified School District Office, Room 26 (33016 N. 60th Street, Scottsdale AZ, 85266)
Description: LETRS comprehensive professional development responds to the growing need for high-quality support for literacy educators. More than any other professional development curriculum, LETRS prepares educators for the challenging work of teaching literacy. (This course is a prerequisite for Modules 4, 5, & 6.)
Module 1—The Challenge of Learning to Read Explores the reasons why many students have reading difficulties, the ways children learn to read, and the components of effective reading instruction.
Module 2—The Speech Sounds of English: Phonetics, Phonology, and Phoneme Awareness Introduces phonemes, discusses the importance of phonological awareness to instruction, and addresses some of the challenges of young English learners.
Module 3—Spellography for Teachers: How English Spelling Works Explores the structure and history of English from several angles and provides teachers with the content they need to approach phonics, spelling, and word study with confidence.
Language Essentials for Teachers of Reading and Spelling [LETRS] Grades: K-12

Modules 4-6: 18 hours
Instructor: Cara Herkamp
CCUSD Teachers: Free
Outside Participants: $180
Format: Face to Face, Dates/Times: Tuesday 6/6-Thursday 6/8, 9:00AM-3:30PM
Location: Cave Creek Unified School District Office, Room 26 (33016 N. 60th Street, Scottsdale AZ, 85266)
Description: LETRS comprehensive professional development responds to the growing need for high-quality support for literacy educators. More than any other professional development curriculum, LETRS prepares educators for the challenging work of teaching literacy.

Important Note: Prerequisite for Modules 4, 5, & 6 will be Modules 1, 2, & 3

Module 4—The Mighty Word: Building Vocabulary and Oral Language
Addresses approaches to vocabulary instruction and stresses techniques for fostering word use, relationships, and structure, applying lessons learned in Modules 1–3.

Module 5—Getting up to Speed: Developing Fluency
Reviews the rationale for a fluency component in lesson design. Participants learn and practice techniques for classroom reading exercises and charting results.

Module 6—Digging for Meaning: Teaching Text Comprehension
Addresses the research base for teaching comprehension and approaches for teaching comprehension at the phrase, sentence, paragraph, and passage levels.

Project Based Learning: K-12
Total Hours: 20 hours
Instructor: Steve Mitten
CCUSD Teachers: Free
Outside Participants: $200
Format: Blended Instruction, Dates/Times: Face to Face: Monday, 6/5 from 9:00AM-3:30PM
Online through MOODLE: Through 6/30 (Structured three week program facilitated online.)
Location for Face to Face: CCUSD District Office Technology Lab, 33016 North 60th St, Scottsdale AZ 85266
Description: Many teachers use great projects to end a lesson and reinforce what was taught. In this course you will learn ways to work with what you already do and enhance it with a project-based approach. Through projects you can drive learning and raise students' level of engagement, authenticity, collaboration, and higher-order thinking, setting your students up to be great problem-solvers.

Google Apps for Education: K-12
Total Hours: 15 hours
Instructor: TBD
CCUSD Teachers: Free
Outside Participants: $150
Format: Face to Face, Dates/Times: Tuesday 5/31-Thursday 6/2, 9:00AM-3:30PM
Location: CCUSD District Office Technology Lab, 33016 North 60th Street, Scottsdale AZ 85266
Description: Google is an incredible resource for teachers in the classroom. By signing up for this class you will learn the basics of Google Apps, and how they apply to you and your students. Starting with the basics of why use GOOGLE in the classroom, other topics includes Google Classroom, Google Apps, and Google Tips and Tricks. For educators only.
Building Bonanza! LEGO Summer Camp
A fun, learning focused S.T.E.M and creativity LEGO themed camp

A summer of adventure, learning, creating, & destroying awaits at a camp where creativity and imagination rule the day! Let our team of brick-master coaches (aka: our teachers) guide your children through LEGO-based building challenges that will further develop their skills in math, science, engineering, computers, robotics, animation, art and design, teamwork and communication!

Summer Fun for All Ages

Discover What is New in Our ECS Programs

**Kid’s Club**
The Kid’s Club Before and After School Program is a year round program consisting of Before and After-school care, Night Owl Evening Care, and Winter, Spring and Summer Camps. It offers quality staff, fun educational centers, socialization opportunities with friends, recreational games and homework help from certified teachers from the Cave Creek School District.

**Child’s Play Preschool**
We offer a choice of different curriculums to meet your child’s needs. They include Spanish Immersion, Core Knowledge, a Touch of Immersion in either Spanish, French or Chinese, Performing Arts and the Lowell Observatory STEM Program. All preschools are located at CCUSD school sites.

**Enrichment and Summer Programs**
Academics, visual and performing arts, sports, engineering, computer coding and more are available throughout the year and this summer. There is something for all ages. The summer program runs from May 30-August 9. Full-day and half-day camps are available. Please visit www.ecsforall.org for details.

**A.W.A.R.E. Parents and Prevention Programs**
Watch for workshops and forums for students, parents and community members. Upcoming topics include transition forums for Elementary to Middle School and Middle to High School and more.

**Special Projects**
Community partnerships bring value to our schools and community members. Partnerships include collaboration with Kiwanis at Carefree, Sonoran Arts League and Scully Learning Center.

Look for the full summer program on our website, www.ecsforall.org. For additional information, please call the ECS Office at 480-575-2440.

Education, Enrichment, Prevention All Ages, All Interests, All Year

Providing lifelong learning opportunities, strengthening community partnerships and facilitating access to resources and the delivery of services.
