## ECS co-ed Gymnastics

### ECS Gymnastics

*ECS Gymnastics is complete with uneven bars, tumbling mats, balance beams, springboards and much more! We pride ourselves on providing a safe environment while building the self-esteem, confidence and a progression in skill level of our students. All of our staff believe in safety being the first and foremost priority every day. ECS uses grade levels as an approximate guideline to place students, however, the instructor will place or may move a child to a different level based on his or her skill ability. We strive for the best fit and experience for your child. Returning students, please register for the level you were in last spring. Kindergarten students can begin in the Beginner Level. Students enrolled in one Session receive priority placement into the next Session. Beginning Session 2, one week prior to the first class of each session, registration opens up to new students as space is available. To check availability of a class, call the ECS Office at 480-575-2440. An additional waiver is needed when registering for the ECS Gymnastics program. **Instructor: Jenny McCawley** This form can be found at [ecsforall.org/enrichment-programs](http://ecsforall.org/enrichment-programs) or at the ECS Office. All registrations go through the ECS Office.*

Session 1 schedule is below. All classes are held at Lone Mountain.
