

Desert Willow Spanish Immersion Preschool

Vision Statement: Child's Play Preschool believes children should be given an opportunity to create their own knowledge by actively exploring the inside and outside environments. We provide a safe, special place for children, families and staff to grow physically, socially and cognitively through their daily experiences at our centers.

Long Term Vision: When students arrive at Desert Willow Elementary School, they can continue to build on their early foundation during daily Spanish classes starting in Kindergarten.

Program Description: This preschool class, housed at Desert Willow School, allows children between 3-5 years of age to experience their day exclusively in Spanish. Language immersion is an educational approach, especially effective for young children that result in second language acquisition.
